ABOUT US

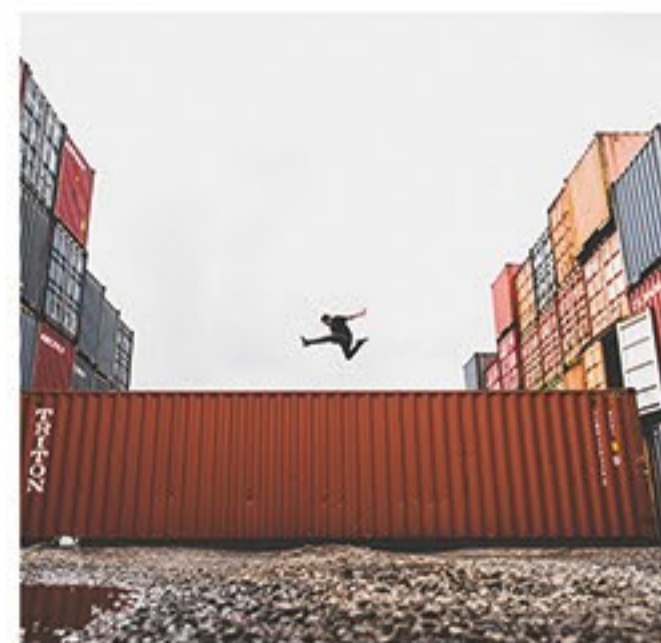

Welcome to HomeCo Group, the cornerstone of practical elegance and affordability in cabinets, countertops, and sinks. As a US-based company with a strong vertical integration model, we are at the forefront of our industry, covering products research & development, manufacturing, export & import, distribution, and retail supply.

At HomeCo Group, excellence is crafted and quality is produced in our independently owned factories across Asia. These facilities are the birthplace of our premium products, which we then directly export and import to our vast distribution network in North America. With 20 strategic locations throughout California, Texas, New Jersey, Utah, Delaware, and Hawaii, we ensure comprehensive coverage and accessibility to our clients.

Our clientele is as diverse as our product range, serving distributors, importers, builders & developers, retailers, and contractors. HomeCo Group's unique strength lies in our ability to offer personalized local assistance in the U.S. while maintaining the capability to fulfill both local and international demands. Our vertically integrated structure and ownership of manufacturing plants afford us unparalleled flexibility, control over production, and shipping schedules, guaranteeing that our clients' tailored volume orders are met with precision—whether for wholesale purposes or large-scale projects.

Discover the HomeCo difference where flexibility meets reliability, and tailored service meets global standards. We are actively looking for distributors to join its expanding supply network, inviting partners who share its vision for delivering quality products with consistent inventory.

For a deeper insight into our company and product offerings, and to explore partnership opportunities, please visit www.homecogroup.com.

What is an American Style (Framed) Cabinet?

What is an American Style (Framed) Cabinet?

American cabinet manufacturers have traditionally built cabinets using a framed construction. In this type of cabinet construction, the rails and stiles form a 3/4 inch face "frame" at the front of the cabinet box. This frame resembles a flat picture frame attached to the door front, adding dimension to the door front. The cabinet doors are secured to the edge of the frame, which gives the cabinet strength and sturdiness. HomeCo's American Style cabinets are made of solid wood doors face frames, and drawer faces with plywood construction cabinet boxes. The wood-dominant feel of the cabinets will bring your kitchen an elegant and timeless effect. To increase storage space efficiency, Our face-framed cabinet does not come with a center stile, allowing easier accessibility than other face-framed cabinets in the industry. HomeCo's face framed cabinets offer both traditional and contemporary designs.

FRAMED CABINETS

- A. 3/4" solid wood faceframe
- B. 1/2" high grade plywood box with matching interior finish
- C. 4 1/2" plywood toe kick
- D. Solid wood + MDF core drawer panel
- E. Solid wood + MDF core door panel
- F. 5/8" rubberwood dovetailed drawer box
- G. Adjustable 3/4" plywood shelf
- H. Adjustable soft-close concealed hinge
- I. Undermounted soft-close drawer slides

- D. Premium aluminum soft close drawer box
- E. 3/4 Solid plywood laminated in white with adjustable pegs
- F. Adjustable DTC style soft-close concealed hinges
- G. Soft-close undermount drawer glide

What is a European Style (Frameless) Cabinet?

Frameless cabinet construction is a European way of manufacturing cabinets that has become popular among customers seeking simple and more contemporary cabinet designs. Frameless cabinetry is sometimes called "full access cabinet" because it offers greater accessibility by eliminating the face frame. Instead, it relies on thicker box construction for stability. Only full overlay doors can be used, with hinges attached directly to the sides of the cabinet box.

Our European Style line of cabinets offers flat panel door styles with a variety of color selections from solid gloss colors to textured wood grain colors. We use high-quality 3/4" thick solid plywood for cabinet box construction to ensure maximum durability. European Style is great for achieving a more modern, simple yet high-end look in your kitchen and bathrooms.

YOUR CABINETS YOUR OWN WAY

CABINETS

We welcome custom project orders and OEM lines

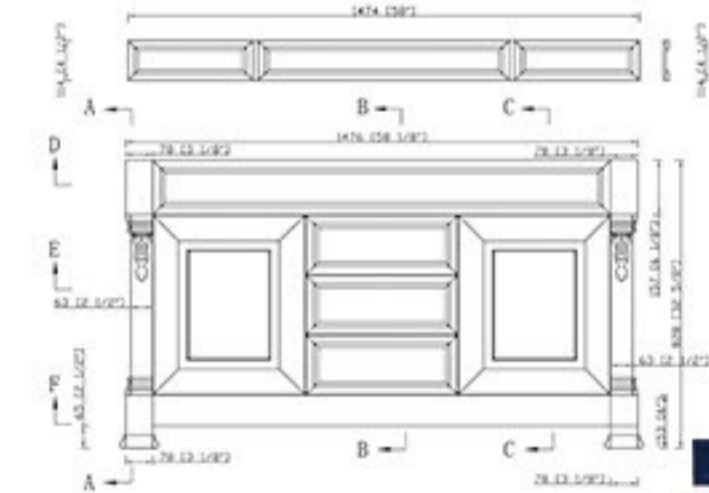

HomeCo takes pride in owning and operating its own independent factories. Having this advantage not only allows us to produce and maintain a substantial inventory of pre-finished cabinets at our distribution centers but also enables us to craft customized cabinets tailored to our customers' specifications and color preferences. Whether for large-scale projects or for developing exclusive product lines for their brands, we cater to our clients' unique needs.

Our factories adhere to rigorous U.S. standards, ensuring that every cabinet we make is 'in-house' at our own factories and never outsourced to a third-party factory. This helps to maintain a consistent quality in our products. It is this dedication to consistent quality that has fueled our growth from a single distribution center to over twenty nationwide.

Find out more about how we can help with your next project or building a successful exclusive product line for your business by contacting with one of our manufacture specialist!
